FROM: [REDACTED]

SUBJECT: Indoctrination on New Classification/
Declassification System

REMARKS:

At Executive Council would you please do three things: (1) emphasize the necessity for all Directorate employees -- and secretaries are very definitely included -- to read the new Regulation covering classification and declassification which will be out mid-week; (2) inform the brethren that as soon as people have had a chance to digest the Regulation, [REDACTED] will be visiting each Office's Staff Meeting to field questions on the new system; and (3) charge Dick Lehman with getting together a committee comprised of OCI, OER, OSR, OBG and CRS to examine the question of preprinted covers.*

Would you also explain your philosophy about this new system.

* They might want to include
FMSAC & OSI
